## CAPABILITIES

### Airframe

PCS has an extensive capability list and is continually adding additional services for the latest Next Generation Aircraft. We service all manufacturers including Airbus, Boeing, Embraer and Canadair aircraft.

### Nacelles

Specializing in Nacelle repairs, PCS has a dedicated Nacelle Division which can handle any requirement for your V2500, CFM, Trent, PW4000, RB211 and CF6 inlet cowls, fan cowls, reversers, sleeves, and doors.

"What flies high, is  
built right"

Leaders in quality airframe and nacelle  
repairs.

*Built to lead.  
Repaired to last.*
